

## In-Store Kiosk Solution Retail Kiosk Event Solution

### Transform The Way You Offer Your Photo Solutions

Our innovative Photo Kiosk Solutions blend sleek design with powerful performance to deliver seamless photo experiences whether in-store or at live events.

### Step 1. Choose Your Kiosk ...

#### G6s Photo Kiosk

Bring photos to life with the refurbished G6s Photo Kiosk which delivers powerful performance and effortless photo printing in one sleek, ready-to-use system, complete with a vibrant touch screen, reliable Epson printer and optional DiLand Kiosk Software.

#### DiLand D32 Stand Alone Kiosk

The DiLand Stand-Alone Kiosk redefines modern photo printing. Featuring a striking 32" vertical display and sleek design, it combines style, simplicity, and smart functionality to captivate customers and enhance any retail environment.

#### DiLand D23 Instant Print Kiosk

Compact, connected, and customer-friendly, the DiLand Desktop Instant Photo Kiosk delivers instant creativity at your fingertips. Preloaded with DiLand software and compatible with most printers, it lets users print, personalise, and share memories with ease. Wireless smartphone connectivity and a responsive touchscreen make every photo project effortless and enjoyable.

## Step 2. Choose Your Printer

### Citizen CX-02 Photo Printer

When portability and premium quality matter, the Citizen Photo Printer CX-02 delivers. Compact, lightweight, and fast, it produces lab-quality prints in as little as eight seconds. Up to 2kg lighter and 15% smaller than its predecessor, the CX-02 is designed for performance on the go. With smart features like ribbon rewind to eliminate media waste, it's the perfect choice for event photographers, photo booths, and retail kiosks alike.

### Citizen CX-02W Photo Printer

The Citizen Photo Printer CX-02W brings wide-format printing to the acclaimed CX-02 range. Compact, lightweight, and exceptionally versatile, it produces stunning 8×10", 8×12", and A4 prints with ease. Designed for performance and practicality, the CX-02W offers effortless media loading, energy efficiency, and a choice of glossy or matte finishes, making it ideal for studios, events, and retail photo environments.

### Citizen CY-02 Photo Printer

The Citizen Photo Printer CY-02 delivers fast, reliable, and high-quality printing for busy photo environments. Designed with a large media capacity and effortless operation, it reduces downtime and boosts productivity. Perfect for high-volume printing, the CY-02 lets you focus on your customers while it consistently produces beautiful, lab-quality results.

## Step 3. Choose Your Base Cabinet

### **Dual Kiosk Cabinet Base Unit**

Sleek, sturdy, and adaptable, the PhotoXport Kiosk Printer Cabinet features an award-winning design with dual printer shelves, built for exceptional performance. Its glossy white metal finish offers a clean, professional look that can be easily customised with vinyl wraps or brand colours. Adjustable shelving makes it a versatile solution for a wide range of dye-sublimation printers.

### **Triple Kiosk Cabinet Base Unit**

Elevate your kiosk setup with the PhotoXport Kiosk Printer Cabinet, an award-winning design with triple printer shelves, built for exceptional performance. Crafted from robust metal with a premium white gloss finish, it combines style and strength while offering flexible printer configuration and easy custom branding to match your store's look.
